The Introduction

Recruiting for Good began to impact the world in 1998 when the staffing agency was originated. Helping both companies and individuals to find the perfect placement, their goal is to provide exceptional service and a unique commitment to their customers.

Once you begin a relationship with the staff at Recruiting for Good, they are forever in your corner.

This unique mentality is a reason why they are so successful and have repeat customers, turned friends and investors. Additionally, a purpose driven staffing agency, Recruiting for Good helps to generate proceeds from placements to make a positive impact in the community. 20% of all recruiting placement proceeds goes toward community based programming.

With a focus on teaching children and young adults practical skills to help make them successful in the real world, Recruiting for Good develops and sponsors a variety of positive youth programs.

| The Programs

Recruiting for Good's goal is to make a positive change on the world:

The Research

The importance of teaching values can inspire creativity, curiosity, inner drive, inspiration, self-appreciation

Value- verb (used with object), val·ued, val·u·ing.
to consider with respect to worth, excellence, usefulness, or importance.

According to Youth First Incorporated, what is the importance of values in society?

Values reflect our sense of right and wrong. They help us grow and develop. They help us create the future we want. The decisions we make every day are a reflection of our values.

Creativity- noun

the ability to transcend traditional ideas, rules, patterns, relationships, or the like, and to create meaningful new ideas, forms, methods, interpretations, etc.; originality, progressiveness, or imagination

In Collaboration and creativity: The small world problem, Uzzi and Spiro identify collaboration as a factor in boosting creative production. Collaboration provides a new lens to your own thought process and provides the opportunity to expand understanding.

Additionally, the idea of a "genius hour", often utilized within the four walls of formal educational classrooms, fosters the idea of creating a passion project. Taking a seedling of an idea and making it bloom through trial and error.
